EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with William Loginov (reg. no. 34,863) on August 29, 2005.

The application has been amended as follows:

IN THE CLAIMS:

In claim 8, line 1, the term "transferring" was deleted and replaced with -printing--.

Claims 10 and 24-25 have been canceled.

Claims 11-13 have been canceled as being drawn to the non-elected invention, non-elected without traverse in the reply filed January 24, 2005.

In claim 14, line 7, the term "the" was deleted and replaced with --each--.

In claim 14, line 8, the phrase "retains and aligns" was deleted and replaced with the phrase --is adapted to retain and align--.

In claim 16, line 1, the phrase --business accessory is one of either a bag or case and the substrate is attached by elastic cords to the side of the bag or case and the-- was inserted before "jig".

In claim 16, line 2, the term "a" was deleted and replaced with --the--.

In claim 16, line 3, the phrase "attached by elastic cords to the side of a bag or case" was deleted and replaced with --when the substrate is--.

In claim 18, line 1, the phrase --the business accessory comprises one of either a portfolio or a padfolio and-- was inserted after "wherein".

In claim 18, line 2, the phrase "and the jig are" was deleted and replaced with --is-- and the phrase "retain and align" was deleted and replaced with --support the--.

In claim 18, line 3, the term "a" (both occurrences) were deleted and replaced with --the--.

In claim 19, lines 2 and 3, the term "item" in each line was deleted and replaced with --business accessory--.

In claim 19, line 3, the term --side-- was inserted before "pocket".

In claim 21, line 2, the term --the-- was inserted before "printing".

The above changes to the claims were made to clear up various minor informalities by insuring proper antecedent basis for the claim terms and to provide more clear, less awkward claim language. Additionally, note claims 11-13 were canceled, as being drawn to the non-elected claims, withdrawn claims. Claims 10 and 24-25 were canceled per the phone interview and discussion of the potential prior art rejection of these product-by-process claims.
